As a current Computer Science student, I am passionate about leveraging my technical expertise to develop innovative software solutions. I am adept at collaborating within dynamic teams to drive continuous improvement and achieve impactful results.

Projects

TAnalyzr - An AI Powered Code Quality Analyzer [LINK]

- Developed an AI-driven code quality assessment tool using Spring Boot for the backend.
- Implemented intelligent code analysis that provides actionable insights, uncovers bad practices, and highlights critical areas to enhance overall code quality.

LAMEZZ - The Text-Based Social App [LINK]

- Developed a scalable social media app backend using Java and integrated Firebase for real-time data storage and retrieval.
- Implemented robust authentication and profile management within the app.
- Designed features for posts, like counts, and real-time updates, ensuring a seamless user experience.

TanGPT - Your personal AI Chatbot App [LINK]

- Designed a lightweight AI-powered chatbot app with Kotlin and Jetpack Compose.
- Integrated API-based message handling with intuitive color-coded UI for improved usability.
- Developed a highly efficient, device-friendly application suitable for diverse users.

Speedy - Internet Speed Test [LINK]

- Implemented real-time testing for download/upload speeds, jitter, and ping.
- Developed a scalable and reliable Spring Boot backend.
- Launched a website and **Android app**, serving over 100 users.

Educational Background

Poornima University (2022 - 2026)

Bachelor of Technology, Computer Science
SGPA: 9.0

Class XII, CBSE Board(2021–2022)

Secured 78%

Skills

Technical Skills

- Java programming.
- Android application development.
- Spring and Spring Boot.
- Full-stack web development.
- React Native.
- Machine learning.
- Express.js.
- Kotlin and Jetpack Compose.
- SQL.

Soft Skills

- Leadership
- Collaboration
- Adaptability
- Communication
- Critical Thinking

Tools/Software

- Apache Kafka.
- Git and GitHub.
- REST APIs.
- Docker.
- Android SDK.
- MySQL.
- MongoDB

Certifications/Achievements

- Earned multiple badges and certifications on HackerRank, showcasing proficiency in programming languages.
- NPTEL Certification in Programming in Java – IIT Kharagpur.
- Solved 500+ coding challenges on LeetCode, showcasing strong analytical and problem-solving abilities.
- Ranked 3rd among peers on the GeeksforGeeks University leaderboard.
